Above balloon references are from www.gemar.it website*

Accessories, Equipment & Materials

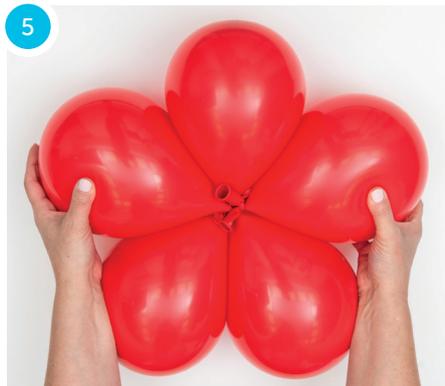

1. Scissors
2. Pump
3. Balloon stick
4. White and red tulle

Instructions

1. Inflate 2 **White A** balloons to 10 cm, join them together by tying them at the neck.
2. Inflate 1 **White A** balloon to 10 cm and join it to the pair you made before.
3. Repeat step 1 making another pair of **White A** balloons at 10cm.
4. Join the pair and triplet together by tying them at the centre of the knots. You now have a quintet.
5. Repeat steps 1 to 4, using **Red A** balloons inflated to 15 cm. You now will have two quintets.
6. Join these 2 quintets by tying them by the balloon necks.
7. Repeat steps 1 to 4 using **White A** balloons inflated to 10cm. Attach this set to the sculpture in the same way but on the other side.
8. Insert 1 **White A** balloon into a second **White A** balloon using the balloon stick.

Instructions

9. Fill the internal balloon with water to create a weight and add it to the structure.
10. Inflate a **Smile** balloon to 30 cm.
11. Attach the **Smile** balloon to the sculpture by tying it to the neck of the **White A** balloons on the top.
12. Insert tulle between the various balloons. The sculpture is complete.
